Minister's message

On behalf of the Parks Canada Agency, I am pleased to present the report on fees for fiscal year 2018 to 2019, the organization's second annual report under the *Service Fees Act*.

The Act provides a modern legislative framework that enables cost-effective delivery of services and, through enhanced reporting to Parliament, improves transparency and oversight.

This year's report provides more detail on each fee, such as the future fee amounts and the type and rate of adjustment. This information provides additional context on each fee, in the spirit of open and transparent fee management.

I welcome the increased transparency and oversight that the *Service Fees Act's* reporting regime embodies. I will continue to support Parks Canada in its transition to this modern framework. In keeping with the spirit of the Act and the Agency's mandate, Parks Canada's fees will continue to be set with the values of fairness, transparency, and equity of access to our national heritage places.

The Honourable Jonathan Wilkinson
Minister of Environment and Climate Change and
Minister responsible for Parks Canada

About this report

This report, which is tabled under section 20 of the *Service Fees Act* and section 4.2.8 of the *Directive on Charging and Special Financial Authorities*, contains information about the fees that Parks Canada had the authority to charge in the 2018 to 2019 fiscal year.

This report contains information about all fees that are under Parks Canada's authority, even if some or all of the fees are collected by another department.

The information reported includes fees that:

- fall under the *Service Fees Act*
- are exempt from the *Service Fees Act*

The information covers fees set by:

- contract
- market-base, auction or both
- act, regulation or fees notice

For fees set by the following mechanisms, the report provides totals only:

- contract
- market-base, auction or both

For fees set by act, regulation or fees notice, the report provides totals for fee groupings.

Although the fees charged by Parks Canada under the *Access to Information Act* are subject to the *Service Fees Act*, they are not included in this report. Information on Parks Canada's access to information fees for fiscal year 2018 to 2019 can be found in our access to information report, which is posted on the Parks Canada Agency [Access to Information and Privacy web page](#).

Remissions

A remission is a partial or full return of a fee to a fee payer who paid for a service for which a department deemed that the service standard was not met.

Under the *Service Fees Act*, departments must develop policies for determining whether a service standard has been met and for determining how much of a fee will be remitted to a fee payer. This requirement does not take effect until April 1, 2020. The Agency is working on its policies and service standard, both of which will be ready by March 31, 2020. Therefore, this report does not include remissions issued under the *Service Fees Act*.

Overall totals, by fee type

The following table presents the total revenue, cost and remissions for all fees that Parks Canada had the authority to charge in fiscal year 2018 to 2019, by fee type.
