

Wapusk  
National Park

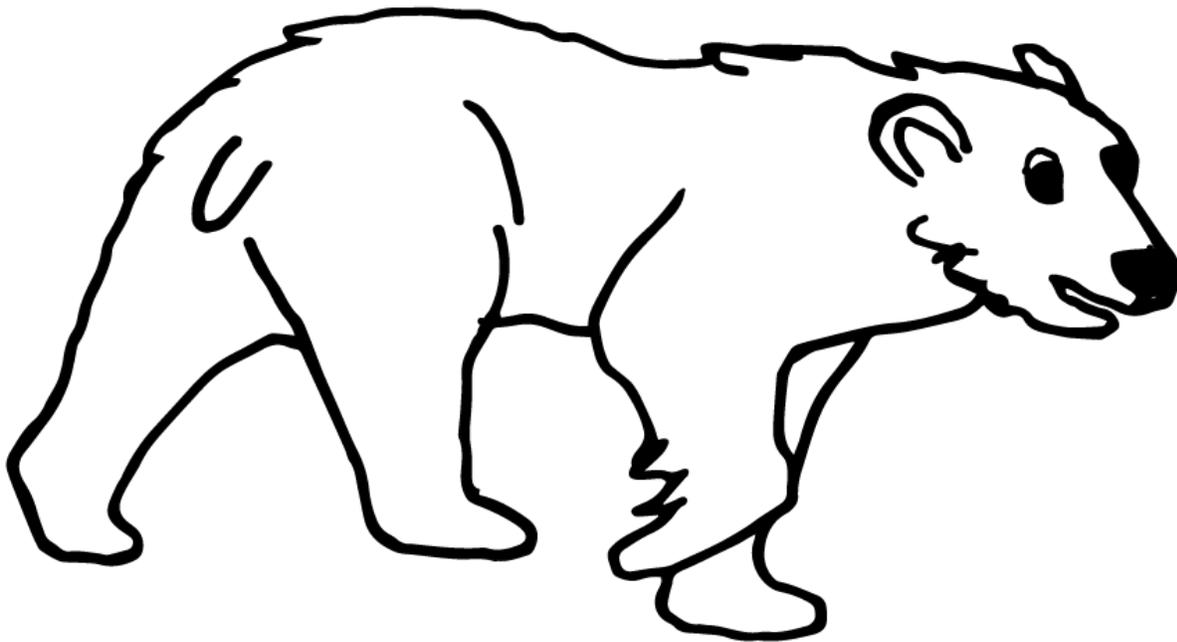

Parc national  
Wapusk

## Species at Risk

# Polar Bear

### Colours

Polar bears are mostly white in colour, but why not use your crayons or markers to bring colour to these big mammals!

### Fun Facts

- Did you know Wapusk National Park is home to one of the largest polar bear maternity denning areas in the world?
- Sea ice is the natural habitat of polar bears, and it's where they hunt their major food source – the ring seal;
- Adult males average 300 to 450 kg, and the largest ever recorded in Wapusk National Park weighed just over 700 kg
